Blast from the Past

From top restoration architects to heritage homes, we look back to look ahead

Saajid Patel is the Director at Mumbai-based Aquant. With nearly two decades of experience, Aquant leads the way in premium bathroom solutions in India, transforming everyday spaces into luxurious retreats. www.aquantindia.com

Relax and Unwind

Our expert shares how you can transform the bathroom into a spa-like sanctuary

By SAAJID PATEL

In today's whirlwind world, bathrooms have graduated from practical spaces to sanctuaries of serenity. Welcome to the age of wellness, where relaxation blends seamlessly with luxury, and your humble bathroom is now your personal spa retreat.

Setting the Spa Scene

A spa-inspired bathroom isn't just a trend, it's therapy. The secret? Meticulous attention to detail. Ambient lighting sets the mood, while multi-sensory showers transform mundane routines into indulgent rituals. At Aquant, our Cascade Flow showers deliver rainfall, waterfall, and mist experiences that whisper, "you've earned this moment."

Tailored Technology

Customisation reigns supreme at Aquant. We collaborate with homeowners, architects, and designers to create bathrooms that reflect personal style—be it minimalist or lavish. Our tech-enhanced features include digital thermostats, Bluetooth showers, body jets, and mood lighting—seamlessly controlled for a truly personalised, spa-like experience at home.

Luxury on Any Scale

Size matters? Not really. Compact bathrooms can also pack luxurious punches. Aquant specialises in clever, space-saving solutions: wall-hung fixtures, vertical storage, and reflective surfaces that amplify your room's spaciousness. Our thoughtfully designed, affordable products bring spa-level comfort without draining your budget.

Green and Serene

At Aquant, eco-conscious luxury is our philosophy. Our Tornado Flushing System 3.0 saves water without compromising performance, while Neoperl aerators and air-infused showers offer indulgent experiences that are both sustainable and elegant—proving that comfort shouldn't come at the planet's expense.

At Aquant, we transform bathrooms into spaces where luxury meets practicality, style greets sustainability, and rejuvenation becomes routine. Welcome to your personal retreat—your very own sanctuary of self-care.
